To honor its former President, Honorary Member and Founder, Peter Dirk Siemsen, who passed away this past Sunday, March 22, ABPI presents this special edition dedicated to the trajectory of one of the greatest names in intellectual property.

Recognized in Brazil and in international forums as a leading reference in the field of IP, Dr. Peter, as he was known, received a well-deserved tribute at the ABPI International Congress in 2019, as a "Figure in the History of Intellectual Property in Brazil," and again in 2024 at the Association's year-end gathering.

With a career spanning more than seven decades, Dr. Peter leaves a technical, legal, and institutional legacy that will serve as guidance and inspiration for future generations.
